STRENGTH OF A NATION

“

Every good citizen adds to the strength of a nation.

- GORDON B. HINCKLEY

WE THE PEOPLE

The first unit of society is the individual and the coming together of all individuals creates 'We the People' a collective that can have a vision for a nation.

This edition of Stephania is themed 'We the People'. The Indian Constitution begins with these words. The journey from the oneness of 'I' to the unity of 'We' requires acceptance and inclusion. People exude a sense of power that lies in their hands. Realizing that strength lies in the unity of a nation, we, the people could make changes for a better world. Taking this idea on a global level, we must act with a common goal in mind, being responsible towards nature and mankind. Each generation will then strive to create a 'more perfect union' for those yet to come.

Returning to School after the Mid-Term Break, Stephanians went head long into balancing their academics with the District Level tournaments. Excelling in every sport event they participated in, proved that vision and the power to succeed go hand in hand. At the same time, preparing for internal exams as well as the Boards, our students are ready to take on the world.

It seems like just 365 days ago we said this... Nevertheless, we wish you all a Happy New Year! Here's to feeling thankful for the year that's gone by and being enthusiastic for the year 2023 and all the blessings it will bring forth.

We, the People of India

Celebrating Our Thirty-Sixth Annual Day And Prize Giving Function

“If our Constitution is a tree... its values are the roots and the branches are: We, the People!”

There are values that we live for and live by. Through this academic session, our School celebrated the Value of Reading. As our country marked 75 years of Independence, St. Stephen's celebrated the 36th Annual Function held on October 15, 2022 on the theme 'We the People.'

The Annual Exhibition was based on the themes: Value of Reading and the Indian Constitution. All departments showcased their projects in an innovative and creative manner. The English exhibition reflected the importance of reading and how one can travel the world of imagination through books. The Hindi exhibition displayed the saga of *Mahabharat*. The Social Science department explored the historical journey of making of the Constitution. The students prepared Apps using different software and A-I models in the Computer Science exhibition. The Fine Arts was vibrant with colours of the traditional *Phad* Paintings and the popular painting of 'Cat with Red Fish' by Henri Matisse. In the Mathematics exhibition, the origami and cubical lamps were the highlight. The Science and Commerce exhibitions were based on different scientific phenomenon and economic principles respectively. The students participated in the exhibition with the motive of learning real-life application of their subjects.

The Stephanians took the audience on a journey into knowing the ideals

of our Constitution and how we are a part of it.

It is always a pleasure to look back at the year and reflect on all the accolades won by the students and the spectacular events that have happened at School. If our Constitution is a tree... its values are the roots and the branches are: We, the People

Hum Log! We, the People. A fusion of *Kathak* and Cup Clap performance showed how India adopted a foreign rhythm and made its own just like how the French

ideals of Liberty, Equality and Fraternity became inseparable ideals of our Preamble. The students showcased the ideals of sovereignty and socialism through a contemporary dance performance on *Satyamev Jayate* and an English Play on the White Revolution respectively. This was followed by a dance performance on *Mumkin Hai*. The spirit of Secularism and Democracy were evoked by an English Play, a song and a *Kathak* performance. Another highlight was the Band performance with NCC, Bulbuls and Guides celebrating the Republic. The tenet of Justice was beautifully showcased through a Hindi Play, *Panch Parmeshwar*. A dance on the song *Shiksha ka Suraj Nikla* and *Hum Deep Shiksha ke Hain* exhibited the mission of our School, Making Quality Education Accessible and the tenet of Equality. The idea of *Vasudhaiva Kutumbakam* was presented through a Fusion Dance that also celebrated Fraternity. The Orchestra performance by the School Band left the audience enthralled and spellbound.

In the grand finale, we renewed our pledge as citizens of India with the Constitution Song penned and composed by folk artists from Barefoot College, Tilonia in our very own district. Amidst the joyfulness and celebratory mood, the talent, passion and enthusiasm exhibited by the performers were all applauded. The Director, in her Vote of Thanks, appreciated the performance of the students and thanked the guests for their presence and encouragement.

WORDSCAPE

‘We the People of India’ denotes that the people of India are the ultimate leaders, in them lies the real power. Through the poems, pictures and articles, the students have brought forth their responsibilities towards the nation.

COMPREHENSIVE CONSTITUTION

The Preamble of our Constitution begins with the words- We, the People of India. They declare that the Constitution derives its power, not from a king or a congress but from the people themselves. A democracy must be made for the people, and its amendments made by the demand of the people. It states that as a citizen of the Republic of India, Equality, Fraternity and Secularism shall be guaranteed in this independent state. But how did we get here? India has been one of the most diversified countries in the world since its golden age. So what made these people of different ideologies come together? Well it all happened because of the love for our culture and heritage and our unity against the colonialists. People from all over India came together, despite not having any blood relation with each other, the spirit of nationalism never died away in their heart. After our struggle for Independence, our constitution makers had a seemingly impossible task at hand. Preparing a constitution for such a diverse and culture rich country like India was a gruelling task. After having several meetings and many amendments, our constitution was prepared on November 26, 1949 and adopted on January 26, 1950. It is because of their efforts that we are able to breathe freely and live in the largest democracy of the world, India.

WE, THE PEOPLE OF INDIA

We the people of India, stand for liberty;
Brothers and sisters united, living in
the land of the free.

We abide by the Golden Rule; ‘Do unto others, as you would want then to do unto you’. But if our freedom is threatened, together we shall fight. Because...We the People of India, stand proud and tall; When it comes to one another, it is liberty for all.

The people of India, share equality; All races and religions, different as can be; Our nation has grown to greatness, as a melting pot. A home for every colour and proud of all we've got.

For...We the People of India, our future is divine; We work hard on the farm, and in the factory, We the people of India, enjoy prosperity. God bless India, and everyone of us; We the people of India, in God we trust.

CLEAN ENVIRONMENT SAFE ENVIRONMENT

NARRATOR: The students of Senior Public School were known for their moral values. Amongst them Riya, Neha and AaroHi were such students who had a solution for every matter. One day as Neha was returning home from school, she saw a cow chewing a plastic bag. Just then another garbage bag fell from a building in front of Neha. On seeing this she felt concerned about the environment and started thinking about it. As she researched on this topic, she found that plastic has taken over the world. This became a matter of concern for her. One day she spoke to her friends about it.

NEHA: Hey friends! Do you know that oceans contain more than five trillion plastic pieces?

RIYA: OH MY GOD! Five trillion.

NEHA: Yes! From this we come to know that plastic is bad because it is harmful to marine life, animals and for us too.

NARRATOR: As AaroHi was also researching on the topic, she states her opinion.

AAROHI: Think about our daily lives also, from the moment we wake up to the moment we sleep, we use so much of plastic such as using toothbrush, water bottles, tiffins etc.

RIYA: Then we must do something to save the Mother Earth.

NEHA: Yes! I have an excellent solution for this problem. We should educate everyone about it. So that they can also help to stop the use of plastic. But how can we make it possible?

RIYA: Oh we can make a presentation about it. It will surely help us.

NARRATOR: Together, they all made a presentation on the topic Alternatives of Plastic and How to Stop The Use of Plastic.

NEHA: Every day we use more than five million plastic straws. The real question is do we even need a plastic straw to drink, when we can use so many other things such as steel straws, paper straws.

AAROHI: We use plastic plates, when we can simply use plates made of leaves.

RIYA: I have a great idea too. We should follow the three Rs- Reduce, Reuse and Recycle to conserve the environment.

AAROHI: And we should volunteer for clean-ups, we should plant more trees, we should not buy animal-based products.

NEHA: We should conserve energy and switch to renewable energy. We should buy furniture made of bamboo, iron etc.

EVERYONE: We can do something now or never! Let us all save our Mother Earth! We should not know how to recycle waste because environment does not digest it. If you are fantastic then do something drastic to cut plastic!

NARRATOR: This is how they concluded their presentation. Now the real question is, why do we actually use plastic, when there are so many other alternatives of plastic? The simple answer to that is plastic is way more cost effective. But the government is working towards it and we should support them. Nature is heaven, save it otherwise you will lose it. I don't want to just protect the environment, I want to create a world where environment doesn't need protection. The moral of the story is: We should use natural resources properly and reduce the use of plastic to save the environment.

EVERYONE: Thank You.

हम भारत की जनता

वेदों पुराणों में महागुरुओं ने सिखाया है कि हर मनुष्य भारी भेदों से परिपूर्ण हैं, परंतु उसके अन्तस्थ में विराजमान प्रेम, सद्भाव एवं मानवता की समान डोर से जुड़ा हुआ है। भारत देश की शान है, उसकी विविधता में एकता। इसके चारों कोनों में भिन्न-भिन्न लोग निवास करते हैं परंतु हमारे देश की 'वसुधैव कुटुंबकम्' की प्रथा हमें एक परिवार की तरह जोड़े रखती है।

जब अंग्रेज भारत पर राज करने आए तो उन्होंने हमारी प्रबल एकता की शक्ति को तोड़ा। राजाओं को एक-दूसरे के खिलाफ लड़वा कर हम पर कब्जा किया।

सन् 1947 में हमारे देश ने लंबे समय की गुलामी के बाद आजादी प्राप्त की। हमारी इतिहास की गलती से हमने सबक सीखा कि हमारे देश की अटूट ताकत है हमारी एकता और देशप्रेम का भाव। इस विरासत को बढ़ावा देने एवं एक कानूनी स्तर पर माननीय रूप प्रदान करने हेतु, नवभारत की सबसे महत्वपूर्ण पुस्तक हमारे भारत देश का संविधान 26 जनवरी 1950 को लागू हुआ और हर वर्ष यह दिन गणतंत्र दिवस के रूप में मनाया जाता है। अंतरराष्ट्रीय इतिहास व कानून प्रणाली से प्रेरित हमारे देश ने दुनिया का सबसे दीर्घ संविधान अपनाया। इसमें सामाजिक शांति के कई अविभाजित मूल्यों जैसे स्वतंत्रता, समानता, बंधुत्व, संप्रभुता, समाजवाद, धर्मनिरपेक्षता, लोकतंत्र, गणतंत्र एवं न्याय भी शामिल हुए।

हमारे इतिहास और संस्कृति पर हमें गर्व करना चाहिए क्योंकि – “अलग है हमारे रंग-रूप परंतु अंतर्मन एक है हमारा, भारत माँ से है अनोखा हमारा नाता, क्योंकि हम हैं भारत की जनता।”

हम भारत के जागरूक नागरिक

महान् वैज्ञानिक अल्बर्ट आइंस्टीन ने कहा था कि 'हम भारतीयों के आभारी हैं, जिन्होंने हमें गिनना सिखाया' जिसके बिना किसी भी तरह की वैज्ञानिक खोज संभव ही नहीं थी। भारत एक लोकतांत्रिक देश है और यहां लोग स्वतंत्रता के साथ रहते हैं और उनके अपने देश के प्रति बहुत से दायित्व हैं भारतीय संविधान के अनुसार हर नागरिक के छह मौलिक अधिकार हैं—समानता का अधिकार, धार्मिक स्वतंत्रता का अधिकार, शोषण के विरुद्ध अधिकार, संस्कृति और शिक्षा का अधिकार, स्वतंत्रता का अधिकार, संवैधानिक उपचारों का अधिकार। इसके अलावा हमारे देश के प्रति कुछ मौलिक कर्तव्य भी हैं जैसे—हमें राष्ट्रीय ध्वज और राष्ट्रगान का सम्मान करना चाहिए, प्राकृतिक वातावरण की रक्षा, संरक्षण और सुधार करना चाहिए, सार्वजनिक संपत्ति की रक्षा करना चाहिए।

परमाणु क्षमता संपन्न देश भारत अंतरिक्ष के क्षेत्र में कई उपलब्धियां हासिल कर चुका है और चंद्रयान की सफलता इसका प्रमाण है। प्रगतिशील विचारधाराओं, कर्मठता एवं समर्पित भाव से ही भारतीय इस देश को सोनचिरेया बनाने में समर्थ होंगे, इसलिए तो कहा है—**अखंडता में एकता, भारत की विशेषता।**

हम लोग

चाहे कितना भी गहरा अंधेरा हो,
उसे आखिर चीर ही देंगे हम लोग।
चारों तरफ हो कालिका,
फिर भी उजाला तलाश ही लेंगे हम लोग।

निराशा ने जब घेरा होगा,
आशा का दामन ही पकड़ेंगे हम लोग।
मुसीबतें तो हजार आएंगी जीवन में,
मिलकर हिम्मत से सामना करेंगे हम लोग।

टुकड़ों में बँटकर जी रहे थे,
अब एकता के सूत्र में ही बंध कर रहेंगे हम लोग।
जब सब एक साथ होंगे, ना मैं, ना तुम,
होंगे केवल हम लोग—हम लोग।
